# Superflex Ltd.

Superflex Ltd., a New York based company engaged in the manufacturing of flexible spiral reinforced hoses & electrical conduit.

Since its foundation in 1981, Superflex has expanded to become a leading force in the electrical and hose industries. Our products have multiple applications used by, but not limited to the electrical, marine craft, aquatic, pond, spa, agricultural, recreational vehicle, & industrial sectors.

We take great pride & care in every aspect of our company. This is reflected in our rigorous quality control measures, our expanded research & development of new applications, & our ever increasing markets & distribution. Superflex produces its Rollerflex™ Spiral reinforced hoses & SEALPROOF® Electrical Conduit & Tubing in its state of the art manufacturing facilities located in Brooklyn, NY.

The quality of Superflex goods is world renowned. This is reflected in many of Superflex's products approved or recognized by Underwriter Laboratories, Canadian Standard Association, International Association of Plumbing & Mechanical Officials, U.S.D.A. for meat & poultry industries, 3A for the dairy industry, & FDA compliance for the food & beverage industry.

The SEALPROOF® Weatherproof product line maintains the same high quality standards that Superflex Ltd. has upheld since 1981. We have continued to innovate beyond the fields of electrical conduit and spiral reinforced hoses to introduce our new Weatherproof products.

# Superflex Ltd.

Superflex Ltd., a New York based company engaged in the manufacturing of flexible spiral reinforced hoses & electrical conduit.

Since its foundation in 1981, Superflex has expanded to become a leading force in the electrical and hose industries. Our products have multiple applications used by, but not limited to the electrical, marine craft, aquatic, pond, spa, agricultural, recreational vehicle, & industrial sectors.

We take great pride & care in every aspect of our company. This is reflected in our rigorous quality control measures, our expanded research & development of new applications, & our ever increasing markets & distribution. Superflex produces its Rollerflex™ Spiral reinforced hoses & SEALPROOF® Electrical Conduit & Tubing in its state of the art manufacturing facilities located in Brooklyn, NY.

The quality of Superflex goods is world renowned. This is reflected in many of Superflex's products approved or recognized by Underwriter Laboratories, Canadian Standard Association, International Association of Plumbing & Mechanical Officials, U.S.D.A. for meat & poultry industries, 3A for the dairy industry, & FDA compliance for the food & beverage industry.

The SEALPROOF® Weatherproof product line maintains the same high quality standards that Superflex Ltd. has upheld since 1981. We have continued to innovate beyond the fields of electrical conduit and spiral reinforced hoses to introduce our new Weatherproof products.
