| extra long description   | IDEAL 30-165 MODEL 65, PURPLE, 25 C   |
| Features   | The only twist-on for aluminum-to-copper connections. The<br>Twister AL/CU Wire Connector is the only UL Listed<br>aluminum-to-copper twist-on connector that prevents aluminum<br>oxidation while providing a secure connection. Filled with an<br>anti-oxidant compound, the Twister AL/CU easily twists on with<br>swept-wings making a comfortable connection with improved<br>conductivity and cooler connections. The live-action spring<br>expands and contracts with aluminum wire to ensure a secure<br>connection while the hexagonal head make |
