| Description            | STEP DRILL, TITANIUM NITRITE, 1/8" - 1/2"   |
| extra long description | IDEAL 35-511 STEP DRILL 1 8-1 2   |
| Features               | IDEAL step drill bits for precise, repetitive drilling through the toughest materials including brass, carbon steel, cast iron, stainless steel, and more. These tough and reliable tools are constructed with a rugged titanium nitride exterior coating for protection, edge retention and corrosion resistance. Each step is gradually blended to ease stepping through hole sizes; reducing the need to keep changing drill bits. Split point design eliminates the need for a starter hole or punch and delivers three times |
