## Descriptions

|                        |  |
|------------------------|--|
| Description            | 600V 15A MIDGET FUSE   |
| extra long description | Mersen ATM15 Fuse ATM - Midget - Fa  |
| Features               | Amp-Trap® midget fast-acting ATM fuses are rated 600 volts AC and DC, with a 100kA interrupting rating. These ratings give the ATM a wide range of applications not covered by other midget fuses. In addition, ratings of 30/35, 30/40 and 30/50 amperes are offered for specific applications such as capacitor protection. These ATM fuses must still be considered 30A fuses because of their dimensions, but are able to withstand much higher inrush currents and tougher duty cycles. (Not for Branch Circuit Protection) |
| Long Description       | Fuse ATM - Midget - Fast-Acting 600VAC 600VDC 15A Ferrule Amp-Trap®  |
