Description	360 DEG CEILING MNT LARGE MOTION SENSOR
extra long description	LITH CMR PDT 10 Ceiling Mount Senso
Features	Design Select
Long Description	The Sensor Switch CMR PDT 10 large motion, line powered ceiling mount sensor provides maximum viewing from the ceiling. Its circular coverage pattern is designed for walking motions, making it ideal for T-shaped intersections in corridors.
Product Type	Sensor
Special Features	making it ideal for T-shaped intersections in corridors, or other areas where wall mounting a sensor is not practical. Low ceiling heights are also best covered with the CMR 10. For example, when mounted at only 7 ft (2.13 m), the height of pick aisles in many distribution centers, the CMR 10 provides a 32 ft (9.75 m) diameter pattern of coverage. In applications where detection of minor motion is also required, the CMR PDT 10 Series Dual Technology sensor is recommended.;The CMR 10 Series incorporates Pas
