

Keep the lines of communications open with voice modules

Managing multiple telephone lines in a home or apartment becomes as easy as “plug-and-play” with Cooper Wiring Devices’ voice modules.

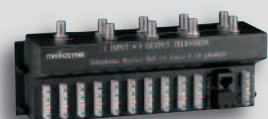

Add additional phone and fax lines to create a home office. Support growing teens with their own dedicated phone lines. In fact, manage up to four separate phone lines in multiple locations throughout a home easily and efficiently with our flexible voice modules.

CSH16RT

CSHC810

5583 Telephone Module with Surge

- Telephone service for up to 4 lines
- Built-in surge protection with LED indicators
- Includes RJ31X security jack and expansion jack
- System test port-line disconnect
- Output expansion on RJ45 or 110 punchdown connector

CSH6T 4x6 Telephone Module

- Telephone service for up to 4 lines with outputs to 6 locations
- Includes RJ31X security jack and expansion jack
- 110 punchdown connectors

CSH10T 4x10 Telephone Module

- Telephone service for up to 4 lines with outputs to 10 locations
- Includes RJ31X security jack and expansion jack
- 110 punchdown connectors

CSH16RT 4x16 Telephone Interface Module

- 16 multi-line telephone RJ45 connections
- Bridge “Line 1” service to 12 locations, “Line 2” service to 2 locations, “Line 3” to 1 location and “line 4” to 1 location
- Includes RJ31X security jack and expansion jack

CSHC46 Combination 4x6 Voice / 1x4 Video Module

- Telephone service for 4 lines with outputs to 6 locations
- Includes RJ31X security jack and expansion jack
- 110 punchdown connectors
- Also distributes CATV/antenna to 4 TV locations (1GHz)

CSHC810 Combination 4x10 Voice / 1x8 Video Module

- Telephone service for 4 lines with outputs to 10 locations
- Includes RJ31X security jack and expansion jack
- 110 punchdown connectors
- Also distributes CATV to 8 TV locations (1GHz)

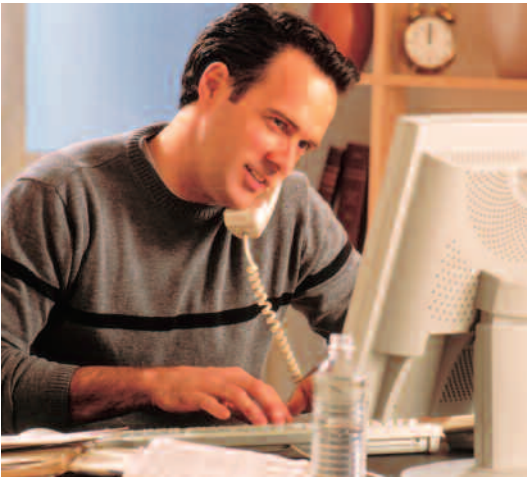

Telephone Modules

| Catalog No. | Description | No. of Lines | Connectors |
|-------------|-------------------------------------|-----------------------------|--|
| 5583 | Telephone Master w/Surge Protection | 4x1 | RJ31X, RJ45, 110 punchdown |
| CSH6T | Telephone Module | 4x6 | RJ31X & Expansion jack, 110 punchdown |
| CSH10T | Telephone Module | 4x10 | RJ31X & Expansion jack, 110 punchdown |
| CSH16RT | RJ45 Telephone Interface Module | 4x16 | RJ45, RJ31X, Test/Expansion jack |
| CSHC46 | Telephone/Video Combination Module | 4x6 (voice) 1x4 (video) | RG6, 110 punchdown RJ31X, Expansion jack |
| CSHC810 | Telephone/Video Combination Module | 4x10 (voice) 1x8 (video) | RG6, 110 punchdown, RJ31X, Expansion jack |
