3M™ Heat Shrink Tubing FP-301 is color coded for quick and eas
identification of the wire. This split resistant, flame retardant
tubing is used as shrink fit, electrical insulation over cable splices or terminations. The high expansion ratio tubing is mechanically tough, easily markable and resists cold flow. It is ideal for lightweight wire harness covering, fire resistant covering, wire marking, wire bundling and component packaging. It withstands temperatures of 67 to 275 degrees F (55 to 135 degrees
