Program

Advance Express

Programming a LED driver has never been simpler.

Programmable replacement LED drivers for distributors using Advance Express

Why Advance Express?

Advance Express is a fast and simple way to sell programmable LED drivers with confidence

Programmable replacement LED drivers for distribution made easy

Advance Express is more than just a product, it is a program to help you win in the replacement LED driver market. Consisting of:

1. Recommended SKU's that cover most applications and lower your inventory
2. Training on how to get the needed information from the end user and select the driver
3. Wireless software developed with feedback from distributors
4. Easy label printing.

Contact your ballast agent to learn how you can service the growing maintenance and repair market for LED drivers.

Fast and simple to program

Seven recommended programmable driver SKU's covering the most common configurations in the field.
