## **S10N06P01P 1KVA Buck Boost Transformer 1PH 120X240-16/32V**

*Eaton Corp*

|                  |                                                                                                                                                                   |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog Number   | S10N06P01P                                                                                                                                                        |
| Manufacturer     | Eaton Corp                                                                                                                                                        |
| Description      | Eaton, General Purpose Encapsulated Transformer, Ep, Single-Phase, PV: 120 X 240V, Taps: None, SV: 16/32V, 115°C, 1 Kva, Al Windings, Frame: 67P, Indoor-Outdoor. |
| Weight per unit  | 1.0 (lbs/each)                                                                                                                                                    |
| Product Category | Single Phase Non Ventilated to                                                                                                                                    |

### **Features**

|                   |                                    |
|-------------------|------------------------------------|
| connection        | 3C                                 |
| design            | EP                                 |
| dimensions        | 6.5600 IN X 5.5300 IN X 13.0300 IN |
| frame             | 67P                                |
| Number of Phases  | Single-phase                       |
| Primary Voltage   | 120 V, 240 V                       |
| Secondary Voltage | 16/32 V                            |

### **Descriptions**

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

| extra long description | ETN S10N06P01P 1KVA BUCK BOOST XFMR                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| Features               | Eaton's EP (single-phase) and EPT (three-phase) general purpose encapsulated dry-type transformers are of the two-winding type, encapsulated (potted) in a mix of epoxy coated sand and gravel, and are available in a wide variety of primary and secondary voltage combinations. General purpose encapsulated transformers are designed, manufactured and tested in accordance with all of the latest applicable ANSI, NEMA and IEEE standards, and are designed for continuous operation at rated kVA. |
| Long Description       | Eaton, general purpose encapsulated transformer, ep, single-phase, pv: 120 x 240v, taps: none, sv: 16/32v, 115°C, 1 kva, al windings, frame: 67p, indoor-outdoor.                                                                                                                                                                                                                                                                                                                                         |
| Product Type           | 1KVA Buck Boost XFMR 1PH 120X240-16/32V                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

## Taxonomies, Classifications, and Categories

Category Description.....BUCK & BOOST TRANSFORMERS

Type.....Encapsulated transformer

## Packaging

Carton.....1

Weight Per each.....1

## Uses, Certifications, and Standards

Application.....Commercial / Institutional Buildings / Structures - Commercial /  
Institutional Buildings / Structures - Other

Frequency Rating.....60 Hz

standard.....UL Listed

Temperature Rating.....115 °C rise
