

# **ELLIOTT ELECTRIC SUPPLY**

We Deliver...Lower Cost, Quality Products, & Personal Service

2310 N. Stallings Dr. 75964-0000, TX Nacogdoches Phone: 936-569-7941 Fax: 936-560-4685

### WS2000I Occ/Vac Sensor, Pir, 120/277V, Iv Hubbell Wiring Devices

| Catalog Number                    | WS2000I  |
|-----------------------------------|--|
| Manufacturer                      | Hubbell Wiring Devices   |
| Description                       | Lighting Controls, Occupancy/Vacancy Sensors, Wall Switch,     |
|                                   | Passive Infrared Technology, 120/277V Ac, Ivory                |
| Weight per unit                   | 0.2060 (lbs/each)  |
| Product Category                  | Lighting Occupancy Sensors                                     |
| eatures                           |  |
| connector                         | Screwed Terminal   |
| load                              | Lighting Circuit   |
| pallet quantity                   | 1350   |
| supply voltage                    | 120/277 AC   |
| Voltage Rating                    | 120/277  |
| imensions and Weight              |  |
| Size                              | 4.15 in x 1.82 in x 1.62 in                                    |
| escriptions                       |  |
| Description                       | OCC/VAC SENSOR,PIR,120/277V,IV                                 |
| extra long description            | HWDK WS2000I OCC/VAC SENSOR,PIR,120                            |
| Features                          | Standard Passive Infrared Technology requires a clear,         |
| - Catures                         | unobstructed line of sight for detection, because it senses    |
|                                   | occupancy as movement of heat emitted from the body against    |
|                                   | the background space. A segmented Fresnel lens divides a       |
|                                   | coverage area into zones. Movement across zones is interpreted |
|                                   | as occupancy. Excellent for small room control.                |
| Long Description                  | Lighting Controls, Occupancy/Vacancy Sensors, Wall Switch,     |
|                                   | Passive Infrared Technology, 120/277V AC, Ivory                |
| Product Type                      | Occ/Vac Sensor, Pir, 120/277V, Iv                              |
| Special Features                  | Standard Product   |
| Nanufacturer Information          |  |
